SOUTH CAROLINA

DOCKET NO. 90-23-T - ORDER NO. 90-329
March 27, 1990

IN RE:	Application of American Van Lines, Inc.,)	ORDER GRANTING
	423 Westfield Street, Greenville, SC 29601,)	MOTION TO ALLOW
	for a Class E Certificate of Public)	INTERVENTION
	Convenience and Necessity.)	AND PROTEST

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of a Motion to Allow Intervention and Protest filed after the return date which was to have been published by American Van Lines, Inc. (American) as part of a Notice of Filing sent to American by the Executive Director of the Commission Staff with direction that it be published and affidavits of publication be filed with the Commission. The Motion has been filed by Southeastern Freight Lines (Southeastern).

Southeastern alleges that having been informed that publication of notice of filings would no longer be accomplished in the State Register, it did not review the State Register in January 1990, and was therefore unaware of the instant filing in time to serve and file a timely Petition to Intervene herein.

The Commission notes that no affidavits of publication have been filed by American indicating that American has done all that the Commission has required of it to afford notice of the pending application. The Commission further notes that no Return to the Motion has been filed.

Therefore, the Commission finds that, in the instant circumstances, Southeastern has shown good cause why its Motion should be granted, and, further, that it is in the public interest to grant such Motion.

Accordingly, the Commission hereby orders that the Motion of Southeastern be, and hereby is, granted, and that Southeastern be accorded status as a party of record herein.
